Meet Sunday To Remedy 'Difficulties'

By NORMAN COLBY
Location of a new 50-bed non-profit or district hospital in the central county, probably somewhere in Lafayette or Walnut Creek will be talked over Sunday at 1:30 p.m. in the new Mt. Diablo Therapy Center.

This will be the second meeting of several physicians who have expressed "The need for more hospital space in this area."

Dr. Marvin Epstein of Walnut Creek, told the Sun yesterday that, "It has often been necessary for patients to wait a week or 10 days for a hospital bed. During last winter and spring, there were sometimes weeks at a time when there was a serious shortage of beds."

"PHYSICIANS throughout the area were asked to attend the meeting. We want to get their feelings on this, and discuss what can be done," he added.

Phone call invitations have been made by Doctors Harold S. Robinson, Owen L. Williams, Howard B. Flanders, Adolph Segal, Samuel D. Hauer and Epstein.

When pressed for an estimate of the approximate cost of a new hospital, he said that \$1 million would be needed, "but this is all preliminary."

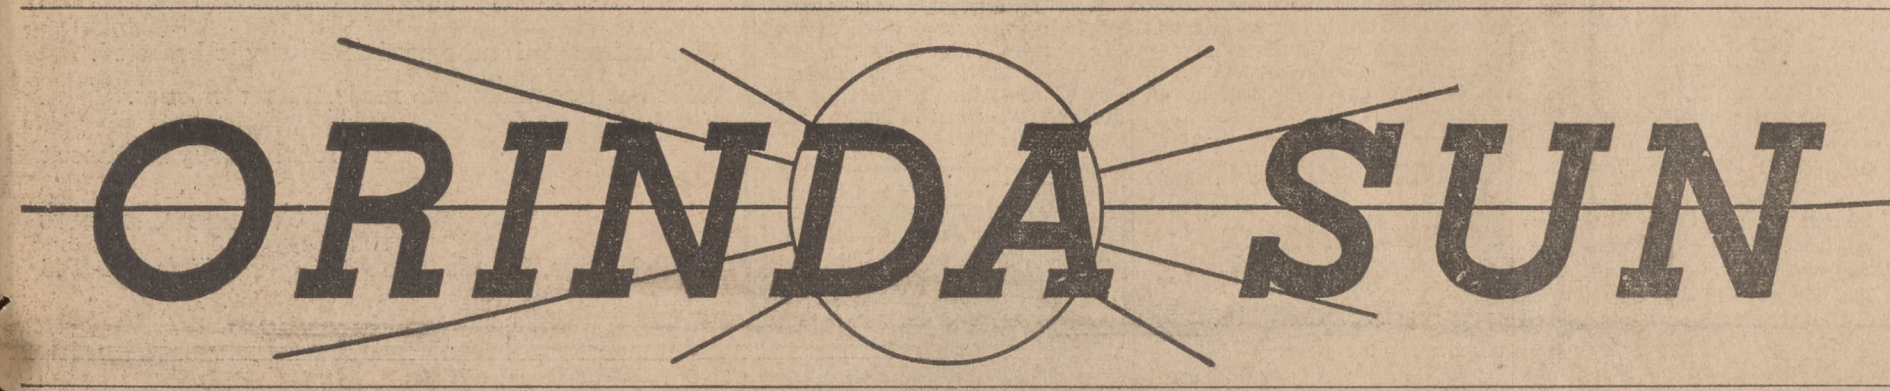

"We want doctors from Orinda, Lafayette, Danville, Walnut Creek, Pleasant Hill and nearby areas to give their ideas on this."

"WE WILL talk about a possible site."

"It should be located where it would be the most convenient for the greatest number of physicians and the population. I would think that that would mean somewhere in the Lafayette-Walnut Creek area."

Epstein indicated that the present conditions in the central county make it "difficult" for doctors, with hospitals either far away or over-crowded.

State Studies Problem of Bus Stops on Freeway

Commuters, PUC Meet With Highway Men

By JULIUS ROSENTHAL
The problem of where to place future bus stops along the Diablo Freeway in Contra Costa County is being studied by the State Division of Highways, The Sun learned this week.

Having a direct interest in the problem are the California Public Utilities Commission, the Contra Costa County Public Works Department, Pacific Greyhound Lines and the Contra Costa County Commuters Association.

All of these participated in a conference on the subject January 17 at the District IV office of the Division of Highways in San Francisco.

The meeting was held at the request of the PUC, according to Richard F. Tiedeman, president of the Commuters Association.

LOCATIONS mentioned in the discussion included Charles Hill Road, Orinda; Acalanes Road, Oak Hill Road and Pleasant Hill Road (Acalanes Junction), Lafayette; El Cortado Boulevard, Sun Valley; and the Walnut Creek Interchange and the freeway route to the Monument.

Present at the conference were A. E. Simmons, assistant district engineer, and L. E. Carpenter, both Division of Highways; Chester Smith, assistant Contra Costa County public works director, and Vernon L. Cline of the County Public Works Department; Jack Krug, operating superintendent for Greyhound at the company's Oakland office, and R. F. Shaffer of Greyhound; Commissioner Charles W. Overhouse of the PUC and J. Gibson, also of the PUC, and three members of the Contra Costa County Commuters Association—W. A. Babcock, M. A. Moler and John E. McKirahan.

The discussion was exploratory in nature, and no definite decision was reached, Tiedeman said. Portions of it dealt with freeway sections which are not yet under construction, but all of it showed awareness of a problem of considerable concern to commuters, Tiedeman added.

FOLLOWING ARE highlights from a summary of conclusions, as written later by Simmons, according to Tiedeman:

Charles Hill Road—"This is a diamond-type interchange. The buses can use the off and on ramps at the crossing road. This arrangement is satisfactory with the Public Utilities Commission and the Commuters Association. Pacific Greyhound expresses disagreement because their buses would have to travel a short distance on the frontage road."

Acalanes Road—"Bus stop facilities may be desirable at this location. The PUC will determine if there are sufficient warrants to justify a request for a bus stop at this location."

OAK HILL ROAD—"The Commuters Association considers a bus stop desirable at this location in order to permit express buses to stay on the freeway. However, justification for such a stop will be necessary, since this location is close to both Acalanes Road and Pleasant Hill Road. Simmons stated that there are no existing areas at this location within the freeway right-of-way suitable for a bus stop." (According to Tiedeman, the Commuters Association view is that a bus stop here would not affect express buses but would allow other buses to serve commuters at this point.)

Pleasant Hill Road (Acalanes Junction)—"Buses can stop at this location by utilizing interchange ramps."

El Cortado—"No bus stop is required at this location."

Snow Snarls, Ties Traffic; Commuters Slowly Burn

A traffic jam, the likes of which hasn't been seen since Mt. Diablo Boulevard near the Broadway Tunnel was closed by a landslide in 1950, was caused this week by a freak snow storm.

Area residents shivered, fenders were bent, cars were stuck on road banks and thousands of snow-seekers traveled to Mt. Diablo to hurl snow balls.

REPORTS OF from 4 to 6 inches of snow were made in Lafayette, Orinda, Walnut Creek and the higher reaches of Pleasant Hill. Motorists found themselves skidding around corners, or "just burning rubber," trying to get up streets sheeted in ice and snow.

One astute commuter was seen at the Orinda Crossroads Monday morning equipping his car with tire chains, for the "steep perilous assault" to the Broadway Low Level Tunnel.

Snow fell in downtown Concord until 8 a.m. The first such occurrence since 1938, according to local residents. Most of all the higher areas of Pleasant Hill were covered with mantles of snow as were the Mt. Diablo foothills in Clayton Valley, Clayton and Cowell.

FOR THE FIRST time in the memories of residents, the hills west of Martinez were covered with snow. The Rose Hill Road from Pinole to Martinez was only open to traffic equipped with chains. At least 12 cars were stuck in the snow at the side of the road.

Mt. Diablo rangers found themselves confronted not only by the snow and severe cold, but also approximately 10,000 sightseers. One resident on Diablo Road reported that he tried to get out of his driveway for 15 minutes while the bumper to bumper traffic went by. He gave up his effort of driving the two miles into Danville so his family went without milk until the next day.

REPORTS INDICATED that there was bumper to bumper traffic from the top of Mt. Diablo to Danville a distance of seven miles. The line-up began at noon and ended at approximately 5 p.m.

Kids Believed Guilty of Two Store Burglaries

Juveniles about 10 or 11 years old are believed responsible for breaking into and looting two Orinda stores recently.

The pattern of entry and the small footprints found in the Orinda Pixie Shop and Orinda Hardware after they were burglarized have led Walnut Creek sheriff's deputies to this assumption.

On a recent Saturday night the culprits entered the Pixie Shop by breaking a glass in the back door. They left with about 20 books, 70 miniature metal cars, a box of toy pistol caps and some toy cameras.

The loot totaled about \$122. Behind them, however, the burglars left small muddy footprints.

On the following Wednesday night the hardware store was entered in about the same fashion—through a broken glass in a door.

The shop's bullet case was smashed open and a 22 caliber Winchester rifle taken, plus four cartons of .22 caliber shells and a large quantity of BB's. Total value of the stolen merchandise here was about \$40, deputies reported.

The same small footprints were discovered on the floor of the store.

The case is still under investigation.

Heart Fund Drive Captains Named

The names of 16 captains who will lead the Heart Sunday Volunteers in a house-to-house collection for the 1957 Heart Fund in Orinda on February 24 from 1 to 3 p.m. have been announced by Mrs. J. H. Schwarck, 1957 Heart Sunday Chairman.

Also serving as volunteer captains in Orinda are Miss Anne Bedgley, Mrs. E. J. Hinde, Mrs. Andrew Knudsen, Mrs. H. A. Sharpe, Mrs. W. J. Smith and Mrs. William V. Traverso.

Each captain will be in charge of a district within Orinda and will be responsible for briefing and equipping volunteers collecting within that district.

A total of 214 volunteers will be needed to reach every home in the community during the two-hour period set aside for the collection on Heart Sunday, according to Mrs. Schwarck.

S.F. Jaycees Name Orindan 'Man of Year'

The San Francisco Junior Chamber of Commerce reached clear across the Bay into Orinda to pick its "Outstanding Young Man of the Year" for 1956.

Acting as judges, the editors of four San Francisco newspapers selected L. Jack Block, 35-year-old stock broker of 101 Meadow View Road, from among 118 nominees.

Block, an associate of Stewart, Eubanks, Myerson & Company was presented the distinguished service award that accompanies the honor by Mayor George Christopher at a Jaycee meeting yesterday.

A native of Oakland, Block is a graduate of the University of California. He lives here with his wife, Yvonne, and four children.

Some of the 1956 accomplishments which brought the award to Block included his financing a Salvation Army Hotel for rehabilitating men, his chairmanship for the fifth straight year at the Salvation Army Kettle Drive, and his co-chairmanship of the White Cane Day for the Blind, a Lions Club project.

He is a past president of the San Francisco Lions Club, and past president and founder of the San Francisco Council of 10 Lions Clubs. He holds the Lions International District No. 4 highest award, the only one ever presented in the West.

Doyle to Talk To Orinda H.S. Mothers Club

Assemblyman Donald Doyle will speak to the Orinda High School Mothers Club at its meeting Monday.

The meeting will be held in Miramonte High School gymnasium at 12:30 p.m.

Doyle's subject will be, "Legislation Introduced in Sacramento Affecting Public Schools."

Following his talk, Doyle will welcome questions about proposed legislation, according to Mrs. Arthur Flint, club president.

Since this meeting is of interest to the general public, it is being held in the high school gymnasium so that everyone who is interested may attend, Mrs. Flint points out.

Youth Group Meets at Home Of Dr. Hall

A preliminary planning meeting of the young people's section of the new teenage problems committee of the Orinda Association's Civic Affairs Committee was held last night at the home of Dr. Ralph C. Hall, Civic Affairs chairman, at 72 Davis Road.

Purpose of the session, which was held as this issue of The Sun was going to press, was, according to Dr. Hall, to outline some of the questions the Civic Affairs Committee wants answered regarding a future teenage center and the desires of the teenagers.

Dr. Hall announced that he has added Gary Lucas, Dorothy Potter, Irene Washcirth and Jeff Neighbor to the young people's unit of the teenage - problems committee.

He stated he has added Almont Koepf, Mrs. Arthur Flint and Mrs. Doris Fernsten to the adult division of the same committee.

Further appointments to both branches of the committee will probably be made soon, Dr. Hall said.

Libbey Injured In Accident Near Donner

Harold V. Libbey of 15 Valley Drive, Orinda, was resting at home this week, recuperating from injuries to his left leg he received in an auto accident January 20 along Highway 40 near Cisco, 15 miles below Donner Pass.

Libbey said he sustained cuts and bruises and that he was under a doctor's care. However, he added that X-rays taken at Providence Hospital, Oakland, showed no bones to be broken.

After a weekend at Lake Tahoe, Mr. and Mrs. Libbey and their children, Harold Jr., 13, and Cheryl, 10, were returning home in their car January 20, with Libbey driving. At about 3:30 p.m. the car ran off the road into a small snowbank near Cisco, according to Libbey.

"I got out to get a shovel from the trunk of our car," Libbey said. "Another car, also west-bound, came along and skidded and bumped into me. I was caught between the two bumpers."

Because of another and more serious accident a few miles away, outside Cisco, the road was blocked and the Libbeyes were delayed a few hours. "A stranger drove us home," Libbey said.

They arrived in the Bay Area about 1:30 a.m. January 21. Before going home they went to Providence Hospital, where X-rays were taken, according to Libbey.

Some Groaned, Some Laughed...

A soft, sparkling white blanket fell on Orinda Monday, making the town look like a Christmas card painting.

Even though the holiday is long gone, most locals were delighted with their first taste of real winter in a long time. Yep, it was real snow.

Some others, stalled motorists for instance, were reminding themselves they had come to Sunny California to escape such conditions.

At any rate, snow or no snow, it was plenty cold all week long. The thermometer dropped to 22 a couple of times, and the best it could do was a 51 Wednesday.

Melting snow, combined with several days of rain, brought the week's moisture reading to .48 inches, making the season's total 9.66 inches.

Here's how cold it was:

\$1,172,223 Estate Left by Merrill

Mrs. Margaret Baker Cope Merrill, widow of the internationally known metallurgical engineer and former regent of the University of California Charles W. Merrill, learned recently that her husband left an estate of \$1,172,223.

The widow, who lives at 407 Camino Sobrante, Orinda, had petitioned Superior Court to determine which portion of the assets is community property.

Merrill, who died last February 6, at 86, was a member of the board of regents of the university in 1924-25, and also served as president of the Alumni Association.

He achieved his international reputation in the mining world through processes which he patented for the design, installation and operation of gold extraction plants in the U. S., Mexico and Canada.

'Sun' Shines In Gift Field

When it comes to giving Christmas and birthday presents, Steve Ames, an Acalanes High School student, really believes in helping The Sun to shine.

Last Christmas he gave his parents a one-year subscription to The Sun for a yuletide present.

And when his grandmother's birthday rolled around he presented her with a subscription to The Sun.

Burton Teacher Rescued from S.F. Death Pyre

A Lafayette school teacher is very thankful she's alive today.

If not for luck and a heroic passerby, Mrs. Joanne Herrin, 27, of 6 Loma Linda Court, Orinda, might have met flaming death in a San Francisco accident that took the life of another victim last Saturday.

An Oakland truck driver pulled Mrs. Herrin and Miss Vivien Transue of Richmond from their burning vehicles which had been crushed between two streetcars.

Mrs. Herrin, a teacher at the Burton School, was driving alone in her car and halted behind a stopped streetcar. The car stopped behind her was driven by Miss Transue.

The passenger in the second car, Mrs. George Lucas of Berkeley, was killed when a second streetcar failed to stop in the line of traffic and folded the two autos in accordion fashion.

With the gasoline splashed over the cars a flaming death pyre, the two drivers were saved by Howard Johnson.

El Cortado—"No bus stop is required at this location."

The theft occurred sometime January 24, the substation said, and the stolen articles were described as valued at \$18.

According to the sheriff's substation, Mrs. Wiegand said this was the second time in recent months that silk lace underwear has been stolen from her clothesline.

Suburbia Scribblings

By MARIE MONAHAN

Suburbia with seven-minute frosting

THIS WAS THE WEEK of the Big Snow and never ANYTHING like it before for the bay-area natives! And certainly a sight for sore eyes to the transplanted Easterners.

It was Easy Come, Easy Go, the way MOST of us prefer our white stuff. Actually it was a bit easier COMING than GOING and lets face it! Sun-spoiled Californians are not equipped, psychologically or mechanically, to cope with the elements for any time longer than a few hours;

While the kids were whooping and hollering, hoisting snowballs and fashioning snowmen, school was on a semi-forced holiday. So was the Lady of the House who chucked her chores in favor of not missing a snowflake!

Father was having a time of it trying to get to his office, and taking his morning coffee-break with masses of other business-bound men at the local drugstore or at "T-Bones" where he waited, in the teeming crowd of grey flannels and overcoats, for his turn at the telephone!

Just a one tow-car town

ONE ENTERPRISING CITIZEN came to the rescue of our One Tow-Sar Town by offering his Army Surplus Weapons Carrier w/a 4-wheel drive which helped rescue some of the stalled, skidding and snowbound cars.

FOUR HOURS LATER, we wondered if it had been only an optical illusion after all . . . Orinda with a seven-minute frosting look!

One gander into the laundry room and it was obviously NOT a mirage! In their wake, the morning flurries had left a week's washing for MOST mothers . . . The average three children, frolicking in the snow for the first time, went through eight pairs of jeans. ALL the gloves and mittens supplemented by dozens of Dad's socks (snug over little hands and feet) and boots and shoes and jackets and shirts. ALL SOAKING WET with dirt thrown in. SLUSH . . . MUSH!

BUT IT WAS HEAVENLY SNOW. And the way WE prefer it. Here today . . . gone tomorrow!

SNOW SPORTS AT DODGE RIDGE attracted the Acalanes Ski Club recently for a reportedly "Wonderful Time! On the ski-sprees went Denise Comerford, Nancy Veitch, Sue Fink, Joey Tuttle . . . Others in gay ski garb enjoying the spills and thrills were Linda Eberhart, Gail Fries, Judy Meyer and Judy Patterson as well as Mary Dean, Gall Hutton, Pat Jackson and Sue Flint. . . Becky Harris christened a headhugging snowcap, blue and white, pennsylvania-dutch design (whipped up at the 11th hour by her mother) to match her handsome handknit sweater. . . Val Geisler, Wally Marsh and Bob Mossman fairly flew over the ski slopes, but all came home to roost and rest at Pinecrest Lodge at night.

Around the hearth at Pinecrest Lodge there was a warm fire, food and comparison of ski techniques, as well as tumblers. . . Everyone felt RIGHT AT HOME for the popular lodge is operated by former Orindians, Wilbur and Ruth Twining of Hacienda circle.

A look behind the green door

WHAT'S BEHIND THE GREEN DOOR? The Orinda Dramateurs and their guests took over the Oak Springs Clubhouse Saturday night for a party in the low-brow manner, with guests entering through the Green Door from which weird and wild white eyes (ping-pongballs) peered down at all who passed through.

Inside, candlelit checker-clothed tables against a cartoon mural of members and various parts they've played captured in caricature-style by Edith Dinkin. . . The Clarence Betzes on hand with tidbits from their South American trip. . . Bob Swenning minus Alice who was home nursing a cold. . . The Bruce Winkworths with news of a fourth offspring due "on stage" sometime early summer.

The party serving as a Farewell to the Charles Apagars (he's been prexy this year), who'll soon move to Phoenix where Chuck has taken a new position. . . Betty with a bout of packing ahead, considering their brood numbers four.

Charlotte Chapple, who did the decor, arriving with her husband Jim and Pres and Alice Blount. . . The Jim Dennings, Vol Plumbs who'll soon move out WC way, Charles Gibbs and Stan Stillsons in the party throng. . . The Pete Duffys and the Kenny Reynolds were there together, Betty Reynolds to have the lead in the forthcoming play, "High Ground," an English Melodrama which is slated for the last two weekends of March in the Berkeley Theatre.

SNOWBABY . . . At 3 a.m. last Monday morning, a son and first child was born to Ed O'Reilly of Loma Vista Drive. . . The O'Reilly family lives in the house formerly occupied by the Neil Holbrooks before their move to Lafayette.

BULLETIN FROM PARIS. . . C'est une petite MADEMISELLE, Linda Marie Blalock, born to (Lt.) Jerry and Margie Blalock, in Paris, France on January 21st. . . which puts the Andy Blalocks of Lafayette right "in the pink," making them first-time grandparents. . . Great-grandmother is Mrs. Oleta Stanley, also of Lafayette.

Gold is where you find it

"I FOUND GOLD," the lady cried, waving something wildly in her arms as she entered the Orinda Scout Hut!

The other women in the room looked up, smiled understandingly and went back to their business! Braided Rug business, that is, for the excited lady had simply located a certain colored wool she was wanting for the rug she is making in class and the enthusiasm IS contagious!

Come over and see what a complete metamorphosis takes place in old coat woollens when you get ahold of them and, under instruction from Frances and Walter Host of the Acalanes Adult Education Classes, turn them into an heirloom piece. Verna Wilke's first rug (she's on her fourth one now!) was the rave of the WC Rug Show and is on display during classtime, if you need some inspiration!

CLASSTIME is Wednesdays, either all day, 8:30-3 (bring your lunch!) or come for just the morning or the afternoon hours at the Orinda Park Scout Hut off of El Toyonal. The Rug Bug will bite you, we guarantee!

COMING UP ON THE CALENDAR. . . The Tanagers of the Mt. Diablo Therapy Center busily making plans for their annual cocktail party to be held for members and guests at the home of Fran and Jim Seaman of St. James Court on Saturday, February 9th, 4-7!

Hearts and Flowers will dominate the decor and sentimental tunes will be danced to when Dick Dildine's Combo plays for the Santa Maria Women's Club Valentine dance, "Cupid's Fling" to be held on Saturday, February 16th, 9-1 in the spacious parish hall. Tickets at \$3.50 per couple can be reserved by a call to Chrmn. Tudy Little at CL 4-5202, or Helen Trescony at CL 4-2924.

That popular dance team, George and Doris Clifford, will resume classes in the waltz, swing, rumba, tango, samba and mambo starting Monday February 18th and weekly thereafter in the Santa Maria Parish Hall. . . If you can begin the Beguine, but murder your Mambo, call Harriet Thurlow at CL 4-5166 for further info on the classes for Beginners, Intermediates or Advanced.

A HORSE-WARMING party is the latest in social novelties. . . this to be given in March by Larry Ann, daughter of Jess Longs, who will proudly present her new brown and white blue-eyed pinto "CHICO" to her young friends and followers, of which she's certain to have many. Lucky girl, it was her birthday present on her 10th year, and WISHING out LOUD for so LONG made her wish finally come true!

St. Mary's-Loyola Tiff Tops Sun Program Tonight

Tonight's the big night at St. Mary's College gym in Moraga. A stellar, top-flight collegiate basketball game—between the Galloping Gaels of St. Mary's and the Lions of Loyola University of Los Angeles—will highlight The Sun's Father-and-Children Night.

Also on this evening's agenda of action and entertainment are a basketball game between the eighth grade varsity teams of the Pine Grove School of Orinda and the Parkmead Upper Grade School of Walnut Creek, and performance by the 50-piece band of St. Mary's College High School, Berkeley.

ALL THIS will be absolutely free for hundreds of area youngsters. Any dad (or mother) who presents a Sun coupon for the event at the box office and pays only \$1 (instead of the usual \$1.25) can take in, free, as many children as desired, up to the age of 16.

There are plenty of seats available. For this community project sponsored by The Sun in cooperation with St. Mary's College some 700 seats have been reserved. They'll be filled on a first come, first-served basis.

Starting time for the California Basketball Association game between St. Mary's and Loyola will be 8 p.m. Before the game and during halftime the St. Mary's College High School band will play. And during halftime the Pine Grove and Parkmead quintets will tangle.

WITH THE GAELS determined to remain in their tie for first place in the California Basketball Association, the St. Mary's-Loyola game tonight is a crucial. Coach Jim Weaver's Gaels will be out for revenge against the Lions, who defeated them 64-59 in the teams' first encounter of the season a few weeks ago in Los Angeles.

But the Loyola Lions, who will be accompanied by Coach John Arndt, are just as determined as the Gaels, for Loyola, with a 2-2 loop record, needs a win tonight to stay in contention.

Starting lineups for the college teams are: St. Mary's—Odell Johnson and LeRoy Doss, forwards; Lou Ferrario, center; Dick Sigaty and Bob Doll, guards; Loyola—Bill McMahon and Tom Donahue, forwards; Garnette Brown, center; Dave Benaderet and Gene Pingatore, guards.

THE PINE GROVE-PARKMEAD tiff is sure to be a thriller, too. A couple of weeks ago the Pine Grove lads edged the Parkmeaders in a close contest at Pine Grove. Bob Sherman, Pine Grove coach, predicts a repeat in the win column for his charges, but Leigh Metteer, Parkmead coach, says the tables will be turned this time, in favor of Parkmead.

The eighth-graders' starting lineups are listed as follows by their coaches: Pine Grove—Bill Caldwell and Jim Twomey, forwards; Tom Fisk, center; Dick Stark and Nathan Friez, guards; Parkmead—Austin Deaton and Bill Chessum, forwards; Pete Haven, center; Clint Phalen and Dick Couch, guards.

Others on the eighth grade teams who may see action tonight are Forward Randy Thaman, Center Bill Hilger and Guard Jack Gilbert of Pine Grove, and Forwards Lloyd Mason and Martin Brantley and Guards Ron Sipes, Bud Murphy and Alan Scott of Parkmead.

ALL IN ALL, a first-class evening of thrills and entertainment is in store for area kids and their accompanying dads (or mothers) or other adults who wish to act as "dads" or "mothers" for the occasion).

So, dads (or mothers), just clip out the coupon from The Sun, fill in the number of youngsters you'll take along, and present the coupon at the box office tonight, when you get there with your youthful group.

THE SUN'S FATHER-AND-CHILDREN NIGHT

Sails Set by Church 'Fleet'

The Shipmates, the young couples' social group of the Orinda Community Church, set sails last Friday night.

Four shops, headed by skippers Helen and Roy Clark, Virginia Helen and Jerry Senarau, Merle and Jack Saunders and Rose and Ross Van Dyke, met at the skippers' homes for potluck dinners, followed by business meetings.

Jeanne and Doug Watkins are skippers of the Fleet, and Doris and Winston Cundiff are Fleet lookouts.

Four joint meetings are planned for the year. Other monthly meetings will be held by each ship separately.

Art Program To be Discussed

The dramatic, dance and art programs being offered by the Orinda Art Center will be discussed by three speakers at an Art Center meeting this morning at 10 o'clock at the home of Mrs. T. M. Harret, Seven Oaks Circle.

Discussing the three phases of the Art Center program for children will be Mrs. Burdette Fitzgerald, Miss Lynda Hickox and Elton Davies.

Coffee will be served.

Freezing weather can damage an automobile battery. A full-charged battery will withstand temperatures as low as 80 degrees below zero, but a weak or nearly discharged battery may freeze and burst when subjected to freezing temperatures.

Glorietta Next To Host Child Reading Series

How Johnny learns to read in Orinda will be informally discussed next Thursday evening by parents of Glorietta School children.

The meeting, scheduled for 8 o'clock in the Glorietta all-purpose room, is one in a series of four planned by the Parents Curriculum Committee of Orinda in response to inquiries about the school reading program.

Similar meetings were held earlier in the month at Sleepy Hollow and Del Rey Schools.

Mrs. F. C. Newman, chairman of the Parents Curriculum Committee, will moderate the discussion, during which the reading program will be explained by Philip Lambert, school curriculum coordinator, and Mrs. Margaret Anderson, Glorietta principal.

Mrs. Georgia Cooper, speech consultant for the Orinda schools, will also be present to answer questions.

In announcing Thursday's meeting Mrs. Newman stressed its informal nature, stating that free expression of opinion and direct answers to questions will be encouraged.

Demo Women Elect Officers

At the January regular monthly meeting the Democratic Women of Orinda elected the following officers for the year:

Mrs. Cathy Latterell, president; Mrs. Shirley Weber, vice-president; Mrs. Mary Little, secretary; Mrs. Louise Rasmussen, corresponding secretary; Mrs. Doris Leiber, treasurer.

Mrs. Latterell appointed the following standing committee chairmen: Mrs. Connie Benney, membership; Mrs. Barbara Reid, program; Mrs. Kay Petersen, political action.

Smed Amblor, high school American Field Service representative from Orinda to France last summer, gave an illustrated talk about his trip, showing Kodachrome slides of the French countryside and the families with whom he lived and visited under the program.

The Democratic Women of Orinda is one of the first local clubs which pledged an annual sum to the American Field Service to support foreign exchange students for Miramonte High School in an effort to encourage better world understanding and world peace.

New Standard petrochemical has an exciting place in your future

Hundreds of thousands of man hours in research produced these crystals that will revolutionize many paints and plastics.

HOUSE PAINTS THAT LAST YEARS LONGER, superstrong light-weight luggage, improved fibre-glass fishing rods and boats . . . these are some of the things that will come from Isophthalic*, a new petrochemical from Standard laboratories. Even though its possibilities have only begun to be explored, we have invested in a multi-million dollar plant to make Isophthalic.

We're convinced it will make as important a change in your life as detergents, wrinkle-resistant fabrics and other modern wonders whose basic materials were products of Standard research.

FERRIS FAIN shows Jan Ford of Walnut Creek how to cover first base on a low throw. This was one of the many examples of instruction by big leaguers at The Sun-Sports and Games baseball clinic last Sunday afternoon at the Las Lomas High School field.

PITCHING was a topic of intensive discussion and demonstration, of course. Damon Hayes (in jacket, left foreground) talks on the subject, while Don Ferrarese (in checkered shirt) awaits his turn. High school and eighth-grade boys participated in the baseball clinic, but many younger lads watched and listened.

"HERE IS HOW to field that ball!"—"Cookie" Lavagetto gives some pertinent pointers to Dennis Jordan of Pleasant big assumed the aspect of a big league field, what with all Hill. The Las Lomas field all the big-time stars on hand.

MANAGERS AND DADS were at the baseball clinic Sunday. The dads were just about as interested and enthusiastic as the kids were. Bernie deViveros, scout for the Detroit Tigers, shows how to make a double play.

EVEN THE DOGS seemed to be highly in favor of the baseball clinic. This scene shows a confab during the afternoon. The interested canine on the outskirts displayed restraint and good manners, despite his eager curiosity. Baseball Clinic to Attract Famous Names, Feb. 10

The large athletic field of Acalanes High School will be available on February 10 for the second Sun-Sports and Games baseball clinic for high school and eighth grade boys.

A large number of top-flight professional ball players like Don Ferrarese of Baltimore will be there to teach the boys the "fine points" of the game.

THERE WILL be talks for the whole group, and small-group instruction at each position. The boys will learn at the position he chooses.

Nel Alamo, who has made arrangements with the big-name

players to attend, said that younger boys can come along, and watch the entire clinic, which will get under way at 12:30 p.m. sharp, and will last for two hours. Boys who attended the clinic last Sunday at Las Lomas High may also attend this one, said Alamo.

TO INSURE enrollment in the clinic, boys have been urged to fill out the coupon printed in The Sun, and send it to Sports and Games, 1604 Locust Street, Walnut Creek, or any of the Sun offices, 1000 Orchard Road, Lafayette; 1320 Locust Street, Walnut Creek, or 12 Vivian Drive, Pleasant Hill.

It is likely that Bill Rigney, manager of the New York Giants, will be able to attend the clinic, said Alamo.

Here are some of the others who have been in the headlines in recent years: Harry Lavagetto of the Washington Senators; Claude Christie, a former Coast Leaguer; Ed Montague, scout of the New York Giants (signer of Willie Mays); Don Ferrarese, Baltimore pitcher.

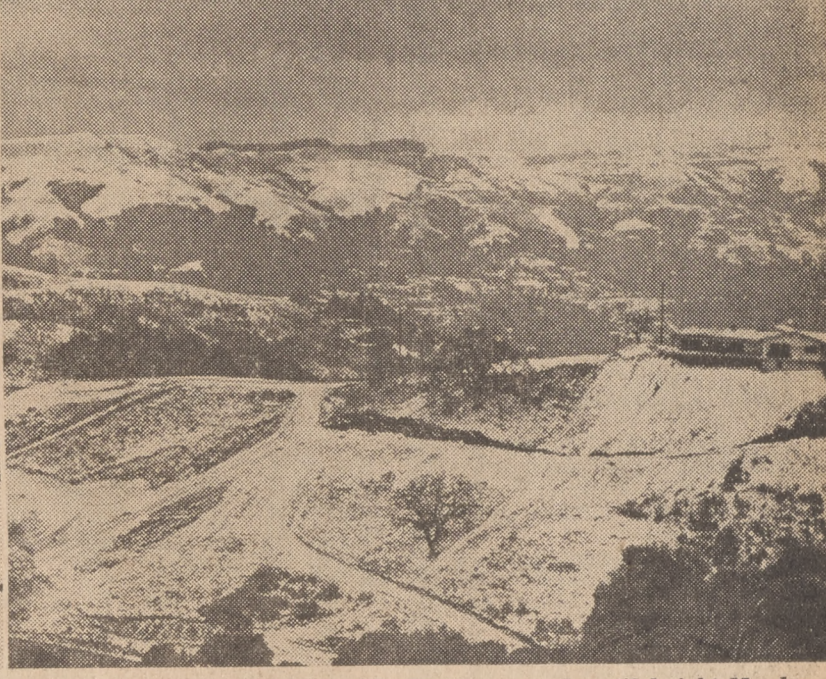

Augie Galan, former major league player and manager; Bill Raimondi, former manager and scout for the Chicago Cubs; Vince DiMaggio, ex-Pittsburgh Pirate and manager; Bernie deViveros of the Detroit Tigers; Ray Robb, Detroit scout, and Damon Hayes, ex-Coast Leaguer.

Variety to be Emphasized At Youth Baseball Show

By ERWIN MATTSO

The Lafayette Youth Baseball Committee has been hard at work getting ready for its big Variety Show which will take place next Wednesday night at the Acalanes High School gym. Festivities are slated to get under way at 7:30 p.m.

Master of Ceremonies Jack Hagaman is expected to introduce the first act before a capacity house. Top notch talent will be on hand and the emphasis will be on variety.

TOP BANDS will be present, blending rock 'n' roll with "the sweetest music this side of the tunnel," as Red Gillham and his harmony masters put it.

Local prep drummer Ernie Petrucci will beat out some jive that's bound to make everyone hop.

The California School for the Blind will come to town with a tumbling act that promises to be memorable.

PROFESSOR Takamoto and his troupe of judo experts—including members of the fair sex—will also entertain.

A demonstration of muscular

control will be given as a part of the act when a rock is broken by a sledge hammer while lying on the chest of a performer.

Experts on the trampoline will be present via the University of California.

THE FIREHOUSE FIVE promises to fire the ears of the audience with an outburst that may not be duplicated locally for a long time to come.

Manager Bill Rigney of the New York Giants and Baltimore pitcher Don Ferrarese will make personal appearances for the Youth Baseball program, and several specialty acts are to be performed.

Proceeds from the show will benefit the baseball program, which was operated most successfully on a large scale for the first time last year.

TICKETS are \$1 and may be obtained from both managers and players in the program. They're limited, so it's suggested that they be bought early.

The appropriate motto for the show is, "A good show for a good cause—let's all take part." Ball with the youth of Lafayette.

Motorists Scream As Kids Enjoy Throwing Snow

(Continued from Page 1)

Traffic was so snarled that it took commuters 20 minutes to get from the Pleasant Hill Road interchange to the Safeway store in Lafayette.

Snowmen were built by children at Don Gabriel Way in Orinda. Another snowman was constructed by a seven year old girl in Orinda in front of the Robert Raskob home on Charles Hill Road.

SKIING WAS reported by fun-seekers at the Orinda Country Club Golf Course. Four other children built a five foot snowman on Sweet Drive in Lafayette.

Adding to the traffic problem were parents discharging their children along Mt. Diablo to hurl snowballs at one another.

School buses were filled with melted snow by the time they arrived at school yards. Drivers were often struck by a frozen missile as they drove busses to schools.

One Orinda bus failed to make a return run due to the snow.

In the Mt. Diablo School District absenteeism was reported as being somewhat high. The lower grades reported the highest amount of absenteeism.

In Lafayette, Orinda and Walnut Creek reports were of a similar nature.

ONE SCHOOL official commented: "They'll all have excuses that they were sick but I'm sure those same children will be out of school again with colds this week rather than 'snowitis'."

"This is the first snow we've seen around here in many a year excepting the snow we get on our television set," said one observer in Walnut Creek.

ON THE TUNNEL Road there were at least two dozen cars stalled and at least a dozen minor incidents, according to the highway patrol.

Local auto supply stores said that the biggest rush for anti-freeze in years was on and that most gas stations and supply houses had sold all their stocks by mid-morning Monday.

"The only thing warm about Monday morning," said one irate commuter, "was the thousands of car engines... why the %&% snow was melting before it hit the tops of the cars, it was so hot on the tunnel road."

Course Will Train Leaders

The problems, skills and knowledge of the construction superintendent, an engineering course developed cooperatively by the construction industry and the Junior College District, will be offered at East Contra Costa Junior College starting March 6.

The course, planned to be the first in a continuing program, is designed primarily for skilled construction workmen who want to prepare for positions as superintendents.

Between 90 and 100 men have indicated they are interested.

Teenage Club Elects Officers; Maps Ski Trip

Miramonte High School students were officially organized into a new Teenage Recreation Club last week as they met at the Pine Grove School to elect their first permanent slate of officers.

Elected president was Gary Lucas, who had been serving as temporary chairman during the past several weeks of organization.

Other officers are Gene Gilligan, vice-president; Judy Roberts, secretary; and Rita Kingham, treasurer.

Elections were the final, and culminating step in welding an active, civic and social minded group out of Orinda youths. Under the advisement of Recreation Director Frank Isola, the club is going ahead with plans for an expanding program of activities.

The first of these activities, a ski trip February 10, was made possible by the big teenage dance held recently at Pine Grove.

According to Isola, the dance was "successful beyond expectations." This means, he said, that the trip to Echo Summit can be financed by dance proceeds.

Teenage Club members will gather before daybreak, at 4:45 a.m., at Pine Grove to begin the one-day jaunt to the snow.

Isola and his recreation staff will accompany the group.

Although its membership is growing rapidly, the club voted to remain a combined club of sophomores and freshmen until enough teenagers join to make a division of the classes advisable.

Church Groups Elect Officers

At the recent annual congregational meeting of Shepherd of the Valley Lutheran Church, the following men were elected to the Church Council:

Dr. Joseph McCormack, Lloyd Ludwig, Mark Shepherd, Gene Heckathorn, Curt Silver and Leonard Odenthal.

Other men of the church serving on the council are Harry Oliphant, Leonard Mjolsnes, Robert Babcock, Harold Bowers, Norman Miller and C. P. Totten.

Recently installed as the officers of the Women's Guild at the church for 1957 were:

Mrs. Luel McCormack, president; Mrs. Jan Harding, vice-president; Mrs. Pat Hirtzer, secretary; Mrs. Billie Engman, corresponding secretary; Mrs. Muriel Hanson, treasurer.

Youth Learn About GOP

"Youth for Republicans" of Orinda met Sunday at the home of Ann Frederickson, 67 Davis Road.

A guest speaker, Jack Pedder, a prominent Contra Costa County republican, spoke on his, Donald Doyle's and John Baldwin's campaigns.

He also told the group how to conduct a successful campaign and, as an example, told how a school campaign could be won.

The group planned a party for Saturday, February 16, at the home of Bonnie Ott. This will be a potluck supper with games and dancing.

The meeting concluded with refreshments and games.

Pack 225

Sixty boys and parents of Cub Pack 225, Orinda, visited the University of California Observatory recently.

Dr. Pillans of the Astronomy Department started the excursion with an explanation and showing of slides. Included were pictures

Following a question period, the visiting cubs were divided into five planet groups—Mercury, Jupiter, Earth, Mars and Saturn.

Each planet group was then escorted by Messrs. Stabelford and Klemole and Dr. Pillans.

First viewed was the 20-inch telescope, then an outdoor 4-inch telescope was sighted on the Orinda and an indoor 5-inch on one section of this constellation.

A feature of the January meeting of Pack 225 was a Navy Air

Corps film showing fighting scenes of World War II.

New Bobcats welcomed into the pack were Peter Mika, Charles Worth, Jim Worth and Jim Coffee.

Awards were given to Victor Traverso, Robert Walden, Donald McConnell, Harold Gardner, Russell Birkhead, Phillip Kooreman, Walter Ammon, John Heckathorn, Tevis Thompson, Roger Block and Kenny White.

WINTER WONDER

We have been having strange weather this winter. Who would have believed it if someone had told them we would have snow?

Being from snow country, I couldn't believe my eyes to see snow on the patio, then to experience a regular blizzard.

Mary Lee, my two year old, who had never seen the white wonder, was over-awed while the family ski-enthusiasts were all set to pull out the skis and have an enjoyable day.

Yes, Monday, January 28, 1957, will certainly go down in history.

UNDUE HONOR

It seems that undue honor was paid in my last week's column to Elinor Dickenson and Brother Anselm, when it was reported that they were elected to presidency and secretaryship of the California Chapter No. 4.

Actually, although they may deserve the position, they were elected president and secretary of the Contra Costa County Chapter of Postmasters of the California Chapter No. 4.

Am I clear?

Notice that the next Brownie meeting (Troup 23) will be held

at the home of Assistant Leader, Mary Ellison, on Larch Avenue for this one meeting only.

This will be next Tuesday.

Firearms and Children... Instruction Is a Must!

Just what should our children know about guns, and how, and when should they be allowed to use them?

The problem of guns and children is nothing new, and every growing community, especially residential and "semi-rural" areas like ours are plagued.

There is one thing that is perfectly obvious, but is too frequently forgotten... GUNS ARE DANGEROUS, and they can kill.

The law in Contra Costa County states that no child under the age of 16 years will be permitted to use a firearm, BB gun or pellet gun unless an adult is present.

The law specifically includes BB and pellet guns in the category of firearms.

But evidently, there are those around our communities who either don't know about the law, or who disregard it. Frequently stories appear in the news sections of The Sun, describing "near accidents," or "close calls" involving firearms.

Unfortunately, sometimes the stories are even more grim and report the injury or death of somebody due to carelessness with a gun.

Frequently you will read about a child, playing in the back yard, who suddenly hears a "hum" and a bullet, usually .22 caliber, imbeds itself in a post nearby.

We've all read the story of the mother, sitting inside her living room, to look up at the picture window shat-

ters and a spent slug drops harmlessly to the floor.

These are all potentially extremely dangerous situations, and unfortunately, the gun in the case can usually be found in the hands of a youngster who doesn't realize the power of the instrument he is carrying.

For instance, did you know that the bullet from a .22 rifle can be fatal at distances up to a mile and a half?

What can be done about the situation?

First, children under 16 should not be allowed to shoot alone. This is the law, but it is also common sense.

Second, children should be taught the proper use of firearms. They should learn that they can be useful, and can provide pleasure, but they must also learn, for their own safety and the safety of others, that they are essentially dangerous weapons.

Important strides in this direction have been made by some of our school districts which conduct hunter safety courses, thus training youngsters in the proper use and care of firearms.

Some private organizations also provide this kind of training. It is important, if our children are going to use firearms, that they be provided with this training.

But most important, we must instill into youngsters the responsibility that goes with carrying and using a gun. This can provide a great step in the development of the child's character, and it can provide safety, both for him and for innocent neighbors.

What About Textbooks 'Hot Water' for Parents?

By DOROTHY PATTERSON

I SEE BY THE NEWS in the papers these days that because of all the investigations into the school textbook situation our hands, some, young assemblyman has gotten himself into a lot of hot water; but who is investigating all the hot water these school textbooks have gotten us parents into?

It used to be that everything is "just peachy" but because of these books, everything is now apples.

If you don't believe me, just open a first grade reader and you will see that "Sally likes apples and she can jump, jump, jump," and when she doesn't, Tom does.

This is a fast, atomic age, and books with words like "bop," "Volkswagen," "Marilyn" and "Elvis," for example, could readily be assimilated by the young in this world of today that is so jumpy.

What about cookie prices? ...

We are overlooking the potential of our youth by limiting them to a rather fruitless experience, in that the apple is playing only a minor part in this world where the study of the rise in cookie prices and dental bills could perhaps lead to greater understanding within the homes of parents with school age children.

We must remain modern and flexible, and I am willing to wager — and will even throw in Sally — that such literary rejuvenation could appeal to our youth every bit as much as the apple ever has.

Perhaps we could reach them with short courses on economics, like the price of butter, so that they would find themselves putting butter on their bread instead of bread on their butter — like in our house.

Speaking of the brush-off ...

Education has a way of brushing off on those with whom it comes in contact and I believe that these subjects will have such far-reaching effects that before long our youth will really "know their apples" without ever once mentioning the word.

Regarding what has been referred to as the "insurance pie," My feelings in this entire matter are so extreme that if they had called it an "apple pie" I, too, would have gone jump, jump, jump!

Planning Course To Begin Soon At Acalanes High

George Weise, president of the Association for the Progress and Improvement of Contra Costa County, stated that the group is distributing announcements of a University of California planning course.

"This is the fourth time within a year that the Progress Association has cooperated with the University in scheduling planning courses for Contra Costa County," Weise said.

"THE COMMUNITY value of these courses cannot be overestimated, in this critical period of our rapid growth and its accompanying problems."

It will offer two units of University credit.

The course will cover a survey of the problems and techniques involved in city and regional planning; present day planning theory in urban pattern, land use and transportation; study of administrative organization, zoning, subdivision control, capital improvements, public works, urban redevelopment and housing.

Charles Woodward, assistant planning engineer for the City of Oakland Planning Department, will be the instructor, Weise stated.

According to Mrs. Robert MacHugh, executive-secretary of the Association, the class will be

Letters to The Editor

Dear Editor,

Central Contra Costa Youth Concerts would like to thank The Sun for the fine cooperation and coverage we have received this year.

Youth Concerts is a community project and its success this season can be credited to community support.

RE: FLOOD CONTROL

Dear Editor:

A thought came to mind the other day. Is there a solution to the flood control problem that can also serve another purpose?

For example, recreation, water storage or other useful area facilities?

If the recreation districts from this watershed area could get together with the people interested in flood control and possibly any people interested in water supply for the area, to discuss possibilities of combining operations, who can tell what may develop?

If proper return for the money invested could be assured, any project that will better the area should not have any trouble getting the approval of the public. This is an individual's opinion. What do other voters think?

SUPPORTED BY USERS?

Dear Editor:

In the January 25 issue there was a letter by Richard Mitchell, Walnut Creek, which contains the following sentence: "If a transit system cannot be supported by its users then it cannot be justified to the benefit of the community, economically practical."

I would just like to ask Mr. Mitchell if he feels the same way about roads and streets — that they should be supported entirely by the users.

If he does, then we shall ultimately solve both problems — we shall have no transit system, no freeways, no highways and no streets.

Logic does drive us to really simple solutions of complex problems.

Mott Accepts Bay Crusade Top Post

NAMED to top volunteer posts on the public relations cabinet of the United Bay Area Crusade for 1957 were William Penn Mott, Jr., of Orinda, superintendent of Parks for the City of Oakland, and Lowell Mainland, vice-president, J. Walter Thompson Co. in San Francisco, it was announced today.

At the same time, Crusade officials announced that the advertising agency of Barton, Barton, Durstine and Osborne has accepted the job of handling most of the campaign materials for the coming year on a voluntary basis.

MAINLAND, who has been appointed chairman of the cabinet, moved up from his volunteer spot as vice-chairman, held in 1956. During 1955, as a representative of his company, he worked closely with UBAC in the creation and production of most of the campaign materials for that year.

Mott, who will be serving under Mainland as vice-chairman, is also vice-president of the Board of Directors of the Alameda County United Fund this year and, at present, is a member of the Executive Committee of UBAC.

He has been active in Crusade work since 1952 and served as chairman of the public relations cabinet in Alameda County in 1954 and 1955.

Mott was honored this month when he received the award as "California's top park executive of 1956."

ROBERT E. Mangan and Ridge Harlan of the advertising agency will be working with UBAC officials on the creation of the 1957 slogan, theme and printed materials to be used in the five county campaign this fall.

Mainland and Mott are organizing a committee which will develop Crusade promotion in all publicity media in Alameda, San Francisco, San Mateo, Contra Costa and Marin counties.

Mott lives at 62 Ardilla Road, Orinda in Contra Costa County, and Mainland at 2812 Garfield Avenue, San Mateo.

Do You Have Family Plan For Bomb Evacuation?

By HERMAN SILVERMAN

"Hey, boss, what are you going to talk about this week? The Snow?" It was Snoopy, the office cat.

Hello, Snoopy, how did you get in? You know you're not supposed to be here when I write my weekly masterpiece. Well, to answer your questions — I thought I'd mention the latest project my kids have...

"Oh, no — you're not going to tell us some of your kid stories again?"

Well, yes, I am, Snoopy, because it ties in with the snow. But just for that, you are going to be on the other side of the door where you belong. Out you go!

Pardon the interruption. That Snoopy gives me a rough time.

Birth of a new venture

You all have your favorite snow story. Here is mine: My three kids have gone into business. On Mt. Diablo last Saturday and again Monday morning when it snowed, they made little snow men — and put them in our freezer for future use. Anyone wanna buy some frozen snow men?

After putting the little demons to bed the other night, Eleanor and I discussed the pros and cons of our school's civil defense plan. We had to decide whether to have the school evacuate them or to have them walk home.

In my mind, there was no doubt — have the schools do it and we could volunteer to help. El wasn't sure at first but agreed after we argued the pros and cons.

Establishing a family plan

Of course, a major point was how we would get together again after evacuation. The children will be driven to Byron and Brentwood — and perhaps farther if it is necessary. El and I will head there also. We worked up a tentative "family plan" — wherever we go, we will leave word at or stay with the publisher of the local newspaper.

I mentioned this to George Walker, former Naval officer, who pointed out that a more definite family plan is advisable. Try to set up a definite location somewhere in the San Joaquin Valley. His family plan calls for a "regrouping" at a relative's home in Bakersfield.

George answered another question: Where should the emergency food and supplies be placed? Several weeks ago I checked over our C.D. food box and I finally decided to leave it in the carport storage area rather than in the car. But it is quite heavy, although not large, and Eleanor would have a hard time lifting it. George said he carried the box in the car.

Now is the time for...

We both agreed that now is the time for individuals, families, and communities to plan for any eventuality. We have all been lax — from the federal government down to the individual. But you and I can't pass the buck; let's get our own house in order.

Education, of course, is the primary job. We need not fear — if we know what to do. Thus, I mentioned to George that there have been very few C.D. stories coming out of the county Civil Defense office. That office, as an independent unit, is new with new personnel. The men have good background and I'm sure they'll start moving very soon.

The Sun says Hats Off...

Last Sunday I was most impressed with the spirit and ability of the baseball players who donated their time to teach our youngsters at the Baseball Clinic, sponsored by The Sun and Sports and Games.

These big leaguers (past and present), baseball scouts and officials did a wonderful job. They were keenly interested in the young aspirants. And they got their points across — using humorous, colorful and expressive language. They didn't talk down. We certainly want to thank them for last Sunday and for the next Clinic — Sunday, February 10 at Acalanes High.

See you tonight at the Fathers' - Childrens' Basketball Night at St. Mary's College.

'High Ground' Is Next Show For Dramateurs

"High Ground," a story of murder, intrigue and compassion, has been selected as the spring production of the Dramateurs by Director Carl Rasmussen.

The three-act play by Charlotte Hastings will be presented by the drama company on March 22, 23, 29 and 30 at the Berkeley Little Theater.

As a result of recent auditions, five new Dramateurs have been cast in the production. They are Rosemary and Arthur Dunning, Bob Flaharty, Joyce Hodge and Mary Kotich.

Veterans of past Dramateur productions to perform in the new show are Betty Reynolds, James Harris, Katy Genesey, Grace Duffy, Beth Culp and Charlotte Chaplin.

"High Ground" takes place in a convent in England. A brilliant woman artist is about to be executed for murdering her wastrel brother, but on the way to the death-house she and her guards are marooned in the convent during an epochal storm.

A sister in the convent, not believing the artist guilty, proceeds to unravel the mystery. The play was produced in London under the title, "Bonaventure."

It was performed at the 48th Street Theater in New York under its present title.

Filings Begin For School District Jobs

Elton Brombacher, member of Contra Costa Junior College governing board, and four other incumbents in other school districts have filed their declarations of candidacy with County Superintendent B. O. Wilson.

Wilson said the annual election of board members in all school districts — Richmond Elementary excepted — will be held May 17. Filings closed April 17.

Brombacher, printing firm operator who resides at 2638 Francisco Way, El Cerrito, is a candidate to succeed himself in Ward I, comprised of part of Richmond and El Cerrito.

Other incumbents for school board positions who have filed are Aubrey A. Lawrence, Brentwood Union School District; Kenneth C. Dwelley, Knightsen School District; Paul G. Thomas of Crockett; John Swett Union High School District, and Dr. Jack V. Shahbazian, San Ramon Valley Union High School District.

Student Wins Contest

An eighth grade student at Danville is the winner of a contest to originate a new masthead for the Contra Costa County School Bulletin. County Superintendent B. O. Wilson said today.

Kathy Bayley of 721 Calmar Vista Road, drew the winning sketch of a boy and girl entering a modern school.

Hog Plus Shadow -- Rain?

Whether or not Mr. Groundhog comes out tomorrow, as is the tradition, and whether or not he sees his shadow, indicating six more weeks or winter, there will be a number of dissenters in The Sun's circulation area!

Some say there will be more rain, others say we will have to be content with the little moisture we've had.

MRS. JOHN R. FORDE of 68 Davis Road, Orinda, took one look out of the window when The Sun reporter called, noted clear skies, and optimistically announced, "Spring is here to stay!"

JAMES K. PENNEL JR., of 217 Overhill Road, Orinda: "There are forecasts based on sunspots — they seem to indicate that there will be more rain."

"I hope so, but we can do without the heavy amount that fell last year," he commented. His birthday is Sunday, a ways the day after Groundhog Day, but he's never paid much attention to the animal.

MRS. H. L. HUFFMAN of 4044 Valente Court, Lafayette: "Well, I'm not qualified as a weatherman, but I certainly hope that there will be more rain. — we need it. That groundhog business is becoming a somewhat worrisome superstition, but I'll admit I haven't heard any reports on its accuracy."

DAVID GILBERT of 755 Solana Drive, Lafayette, said, "Someone, I don't just remem-

ber who, told me early this winter that the Indians say this will be a wet winter, just as wet as it was last year! The Indians have some way of telling."

"I'll stick by that for a little while longer," Gilbert decided.

MRS. FRANK DASTERIN, 37 Via Palos, Walnut Creek: "I think we have had a very mild winter thus far and I think spring will be early this year whether or not the ground hog sees his shadow."

HARVEY L. ERINING, 363 Valley Place, Pleasant Hill: "Seems to me like it's getting colder every day. I think we may be in for a real cold spell and it looks to me like we're due for a long, long winter."

MRS. TINA JACOBSON, 1195 Draper Drive, Walnut Creek: "I can remember when we were children in the middle west we would all go out and check our ground hog which was kept in a barrel. I think every time there was a shadow on the ground we did have a long winter. I'm the world's worst guesser on the weather, so I'll go along with what ever the ground hog sees."

MRS. KAY LONTFANER, Duncan Lane, Pleasant Hill: "I really don't know, but I do think that the weather has been very odd this past year. The summer was mild and we haven't had very much rain."

Reduced Site Construction In County Causes Worry We Can' Help It: Post Office

George Weise, president of the Association for the Progress and Improvement of Contra Costa County, in a recent meeting referred to "this county's diminishing home construction," and took issue with a newspaper article which said 4148 lots had been improved for subdivisions last year.

Weise said he was speaking about an article in the Oakland Tribune on October 12 which stated, "Subdivisions comprising 4148 lots throughout the unincorporated areas of Contra Costa County were approved during the past year."

"THE COUNTY Planning Commission endorsed plans for 92 subdivisions and denied four others during the 12-month period ending on July 1," it said.

Weise declared that these figures apparently refer only to the work-load achieved by the Commission, but are misleading to the public, who will naturally assume they refer to the creating of 4148 building sites."

"Although we have no way of determining how many tentative maps were approved by the Commission and included in their figures, the Association has made a check of every subdivision map recorded in the office of the County Recorder from July 1, 1955 to June 30, 1956, and we have discovered that there were only 67 subdivision maps recorded, making a total of only 1830 lots area of the county," he said.

He continued that Commission approval of a tentative map merely covers the design of lots and streets.

THE APPLICANT then must comply with requirements of other county officers in the matter of street improvements, sanitation and flood control; these further requirements are not known at the time of receiving approval of the tentative map.

"The attempt at fulfillment of the requirements of these officers, the lack of information on the requirements, and the legal or physical inability to comply with the requirements are the factors, in many cases, that block final approval and recording of the final map."

"Further confirmation of this county's diminishing home construction is revealed by comparison of these 1830 lots with the 2101 dwelling permits issued last year by the County building inspector."

"We see that 271 new homes were made possible only through the use of a back-log of lots that were approved prior to 1956."

"THIS SHOWS that the County's final approval of lots is falling below the need for them; if this continues, a residential crisis may arrive simultaneously with the exhaustion of the lot back-log."

We hope the county offices realize that such a crisis also would be an economic crisis that would greatly impede the orderly, steady growth that we must achieve and maintain.

"The Progress and Improvement Association believes work-load statistics such as this one, officially released to the public, should also contain full clarification, so people will be able to understand and examine the entire situation," Weise concluded.

He announced that the general membership meeting of the Association will take place February 5 at 8 p.m. at 3462 Mt. Diablo Boulevard, when election of officers and directors will take place.

We Can' Help It: Post Office

If you haven't received your auto registration application as yet, don't blame the post office.

Postal authorities this week emphasized that applications, mailed by the Division of Registration of the Department of Motor Vehicles, won't be delivered if they have incomplete or incorrect addresses.

They cite a Post Office Department regulation which says that: "Since the (registration) matter is third class, with no return postage guaranteed, the subject matter should be destroyed as undeliverable."

with the exhaustion of the lot back-log.

We hope the county offices realize that such a crisis also would be an economic crisis that would greatly impede the orderly, steady growth that we must achieve and maintain.

"The Progress and Improvement Association believes work-load statistics such as this one, officially released to the public, should also contain full clarification, so people will be able to understand and examine the entire situation," Weise concluded.

He announced that the general membership meeting of the Association will take place February 5 at 8 p.m. at 3462 Mt. Diablo Boulevard, when election of officers and directors will take place.

Jewish Women Plan Fund Raiser for February 13

Fun, frolic, fabulous prizes, excellent food, entertainment, a cocktail hour — all are promised by the League of Jewish Women at their annual major fund raising affair on February 13, at the Jewish Community Center in Lafayette.

Cocktails will be served from 12 noon to 1 p.m. Luncheon is at 1 p.m.

"COME PLAY the Queen" is the theme for the afternoon, and with a French flavor in the Louis Quatorze manner. Every lady present will be a queen for the day.

Decorations are being planned by Mesdames Herbert Martin, Marv. Silberman, and Hy Wiseman.

Among the prizes are two days at the newest and most lush hotel in Las Vegas, the Riviera, an all-silver electric cake mixer, a vices, cultural and social activities, and many other items.

THE AFTERNOON'S entertainment will be provided by one of the ladies' specialty shops in Walnut Creek. It will be an informal fashion show to be put on during the luncheon hour.

In addition to the outstanding luncheon and cocktail hour, there will be bridge, Mah Jongh, and any other games desired by the ladies.

Mrs. Harry Freeman and Mrs. Maury Collen, who are the co-chairmen, have suggested that this occasion would provide an excellent opportunity for ladies to make up tables of cards among their friends. A nominal \$2.35 is the charge.

The funds raised are to be used for the additional improvement of the Jewish Community Center Building, which houses the Jewish Sunday School, religious sermons, and many other items.

Pied Piper Will Come To Delight Children

"The Pied Piper of Hamelin" is coming to Central Contra Costa, and you can be sure he will be followed by the traditional corps of youngsters, just as he was in the fairy tale.

The merry piper is coming, not to perform his traditional services, but to provide honest-to-goodness live theater for the younger set, and he's coming under the auspices of East Bay Children's Theatre, Inc.

The performances, the only ones scheduled for Central Contra Costa at this time, will be given Saturday, February 23 at 10:30 a.m. and 2 p.m. at the Stanley School in Lafayette.

LOCAL CHILDREN'S Theatre members donating their time to work as stage crew, ushers and box office managers include Mesdames David Bullen, Thomas R. Gaines, Charles Morrill, Robert Pedder and Robert Van Gelder of Lafayette; George Krusi, Jack Lackey Jr. and H. C. Gathings of Orinda and Frank Buck and Will Hall of Walnut Creek.

The famous children's play will be directed by Mrs. Florence Schimley and performed by the drama students of Berkeley High School with John Starr in the title role.

Sets and costumes have been made by Children's Theatre mem-

bers under the direction of designer Jan Mauser.

"THE EAST BAY Children's Theatre, Inc., is a non profit organization," explained Mrs. Van Gelder, publicity chairman for Contra Costa County.

Proceeds from this and other Saturday performances during the season will make it possible for them to provide fine free entertainment for hundreds of children every year who might not otherwise have any."

Aid New Group

Dr. Henrik Blum of the Contra Costa County Health Department has been designated a member of the committee for the establishment of a Bay Area Poison Control Center, it was announced.

The program's purpose is to make available to a physician an analysis of toxic ingredients of substances swallowed by a patient and in a hurry, according to Dr. George Bates of San Francisco, committee chairman.

The Contra Costa County Hospital in Martinez will be one of 13 hospitals in the Bay area where such information will be available, he said.

—asks Mrs. Dolores McHugh, 1555 31st Avenue, San Francisco, California
How wonderful to have a grandmother! Especially the modern kind—they're such good fun. And have you noticed how much younger they look (and feel) these days? One good reason is modern household appliances. They "take over" the heavy chores that used to rob women of their

THE NEW HENDRICK Piano Building in Walnut Creek will be under construction within two weeks. The building will be on Main Street opposite the Sears store. The plans by Associated Designers of Concord provide for 9000 square feet of floor space on two levels with about 1500 square feet of front office space on the second floor which will be available for lease.

Work on New Hendrick Building Will Begin Soon

Construction will begin within two weeks on the new \$125,000 Hendrick Piano Company building on Main Street, opposite Sears.

The plans by Associated Designers of Concord provide for 9000 square feet of floor space on two levels with about 1500 square feet of front office space on the second floor available for lease.

The main floor will display the newest pianos, organs, television sets and Hi-Fi radio sets, and will have offices for the company.

THERE WILL BE studios for teaching and practicing on the second floor, and a passenger elevator will make the trip up easy for musicians and lessees, according to Chet Hendrick.

"The whole building will be of basaltic block, with a driveway to the rear, and some parking in back," he said.

"Our company has been in operation since 1916 in this area. We were in the old store on Mt. Diablo Boulevard for 20 years.

"We have a branch office in

Oakland, but our main office will continue to be in Walnut Creek. All our employees are local residents.

HENDRICK added that until the grand opening of the new building sometime in July, the company will serve customers in a temporary quarters on Broadway, opposite Jackson's Store.

"We have the full supply of instruments, organs, pianos, television and Hi-Fi, but the only trouble is that we are a little cramped," he said.

There is also a teaching studio in the temporary building, at 1519 Broadway.

Partners in the store are Chet and Mary Hendrick, Robert Moore and Tom Bond.

Electronic service department men are Joe Grace, Clay Southard and Teddy Caberos.

Ken Davis is the tuner and repairman for the pianos, and Neva Clark is responsible for the organ department.

3 Teams Battle For First Place In Action Tonight

Basketball teams in the Diablo Valley Athletic League race to the wire of the first round of league play tonight with the whole issue still very much in doubt.

Struggling for a breath of air in first place stratosphere are Pittsburg, Diablo and Antioch.

BUT NOT far behind, and capable of upsetting the top dogs at any given time, are Las Lomas, Acalanes and Pacifica.

Pitt still rates the favorite's role in varsity play. In the action, the little Pirates share the honors with Antioch.

But the local lightweights at Las Lomas and Acalanes loom as dark horses capable of catching the leaders.

FOLLOWING is the slate of games today and next week:

Today — Pacifica at Las Lomas, 7:30 p.m.; Acalanes at Antioch, 7:30 p.m.; Pleasant Hill at Diablo, 7:30 p.m.

Monday — Miramonte at Pleasant Hill, 3:30 p.m.

Tuesday — Acalanes at Las Lomas, 3:30 p.m.; Pleasant Hill gets a bye.

Friday — Pittsburg at Miramonte, 7:30 p.m.; Pacifica at Acalanes, 7:30 p.m.; Pleasant Hill at Antioch, 7:30 p.m.; Las Lomas gets a bye.

Rams Down Acalanes in Final Seconds

The Pleasant Hill Ram varsity cagers provided a thriller Tuesday afternoon as they capped a 47-44 decision over the Acalanes Dons on the Dons' court.

The game was even closer than the score indicates, as the final Ram two points were scored after the final buzzer had sounded. **THE GAME** was a real battle all the way as the Rams fought to an 11-7 advantage at the end of the first quarter. The Dons chipped away at this lead however, and squeaked out in front, 20-19, as the half ended.

Each club scored an even dozen points in the third quarter, to open up a tight, red-hot final stanza.

During the course of the game the lead changed hands 14 times — 6 times in the fourth quarter. **MIDWAY** IN the final period the Dons forged to what appeared to be a commanding lead when center John Phair and guard Rick Markstein hit from the floor, making it 40-35.

The Rams were seemingly through for the evening. But then guard Bob Ritchie hit for the Rams from the foul line, and Ram Dan Ipson found the range from 10 feet out.

That cut the Dons' lead to 40-39.

WITH 2 minutes, 47 seconds left on the clock, the Rams recaptured the lead as Bill Dutton hit from close in. But Phair tipped the see-saw for the Dons once again. Acalanes was out in front, 42-41.

It stayed that way for just a few seconds, however, as Ritchie hit on two free throws to put the Rams out in front again.

TIT for tat it went. Ritchie's charity tosses were countered seconds later by the free throws of the sharp Don forward Bill Freeman.

IN TURN the Ram center Mike Mayne was fouled. He made good his chance to turn the tide, scored a pair from the foul line and put Pleasant Hill out in front to stay, 45-44.

With just 23 seconds to go, the Dons made their final bid to pull the game out of the fire. Freeman stole the ball at mid-court and raced for what might have been the winning basket.

But a Ram was there waiting and fouled the plucky forward.

Bill had one shot coming — the one that could have tied it. The ball went up, came close to falling through the net, but bounced off the rim.

ALL THE REST, though the fans were on their feet, was anticlimactic.

As both fives scrambled for the ball with just a few seconds left, Ipson was fouled. The buzzer sounded and the Rams had won. Just to pour salt in the Don wound, Ipson dropped the free throws through the hoop after the game was over and boosted the score to 47-44.

The game marked the first varsity win for the Rams over Acalanes, except for the tennis victory two years ago.

Phair wound up as the game's top scorer with 14 (6 fg — 2 ft), while high men for the Rams were Ritchie and Ipson, both with 12.

IN THE BEE contest, Morgan Jellett paced the Don Babes to an exciting 34-30 win over the lightweight Rams. It took a fourth quarter spurge by the Dons to nab the victory.

Jellett scored in every quarter. His shooting and the Dons' tight defensive play added up to the win.

Acalanes came close to losing the game on free throws, as they hit on but 2 of 13 attempts from the foul line. Pleasant Hill made 10 of 21.

NEW RECORD

Sport fishermen and wild game hunters in the United States set a new record by purchasing 33,046,361 licenses during the fiscal year that ended June 30, 1955, according to the National Automobile Club. That was 302,162 more licenses than they purchased during the previous year.

THOSE SKIS MIGHT have come in handy right here at home over the last weekend, but they weren't used here (at least as far as we know). This is a part of the Las Lomas Ski Club which took a trip to the heavy snows last weekend for skiing and fun. Left to right are Tom Leonard, Sandy Gaide, Irene Pieper, Jan Backus, Steffie Van Ogtrop and Gail Shick.

Gaels Seek Revenge Win Over Loyola Lions Tonight

St. Mary's cagers seek revenge for their only defeat in California Basketball Association play tonight at Moraga when they meet the Loyola Lions in a rematch.

This is the game to which parents may bring an unlimited number of children free in The Sun's Father-and-Children Night (see separate story).

Led by center Garnette Brown's 30 points, Loyola defeated the Gaels 64-59 in their first game in Los Angeles.

Tonight's contest is a vital one for both teams. St. Mary's needs a win to keep its current tie for first place in the CBA. The Lions, with a 2-2 loop record, must top the Gaels in order to stay in contention.

Loyola's top offensive threat is Brown, who is the second highest scorer in the CBA in game averaged.

Big Leaguers Show Boys How at Baseball Clinic

The weather was cold last Sunday but the young baseball addicts didn't notice as they participated in a real "hot stove" session with professional players and coaches.

The youngsters were gathered for the first of two Baseball Clinics sponsored by The Sun and Sports and Games.

MEL ALAMANO started the ball rolling when he introduced the "faculty" to the close to 130 boys assembled on the Las Lomas High School field.

The instructors list read like a Who's Who of baseball.

Bernie DeViverios of the Detroit Tigers started off the afternoon with a general talk on various aspects of the game.

THE PROSPECTIVE big-leaguers were then broken up into groups.

De Viverios, a former major leaguer and at present a scout with the Tigers, instructed one group of infielders on how to make the double play.

Don Ferarese, local baseball great currently with Baltimore in the big show, and Damon Hayes, an ex-Yankee, put the pitchers

through their paces.

BIG LEAGUE and Pacific Coast veteran Bill Raimondi worked with the catchers, while former American League star Ferris Fain gave out with tips to first basemen.

Harry (Cookie) Lavagetto, Brooklyn hero of the 1947 World Series, showed the infielders how to play and make the throw. Cookie is currently a coach under Charley Dresden at Washington.

Augie Galan, former Oakland Oaks manager and major league player, instructed still another group, as did former Pittsburg Pirate Vince DiMaggio, brother of the famed Joe.

RAY ROBB, prominent semi-pro manager with a record of 900 wins behind him, gave further baseball tips.

The affair wound up with all hands on deck for an absorbing demonstration of "How to hit," by Ferris Fain. The big first-sacker knew of what he spoke and showed, as he led the American League in batting for two seasons while playing for Philadelphia.

DeViverios closed the session with a demonstration of bunting technique.

Well organized, smoothly and capably run with top flight instructors, the event received high acclaim.

YOUNG BALL players in the area will have another chance to get this baseball information from the stars on Sunday, February 10, on the Acalanes High School field.

Starting time once again will be 12:30 p.m.

The clinic is open to 8th graders and high school players and will be held rain or shine—should it rain the clinic will move indoors.

Audubon Group To Hear Talks On Nat'l Parks

The regular monthly meeting of the Mt. Diablo Audubon Society will be held at Las Lomas High School next Friday at 8 p.m. in room 201.

Dr. Ashley Stevens will speak on "Our National Parks" and will illustrate his talk with colored photographs of Lassen, Crater and Glacier Parks. The meeting is open to the public.

Sunday, February 10, the society will make a field trip to Terminus Island, San Joaquin County. Meeting place is Thornton at 9:30 a.m.

For details as to the best route and driving time, call the trip leader, Beverly Wilder, YE 4-6553.

Pacifica Cagers Whip Knights In Second Half

The Knights of Las Lomas started things off well enough Tuesday as they hosted the Pacifica fives.

But after downing the visiting Bees in the opener, the Dons dropped a 56-46 count in the varsity game.

THE BEE contest was a thriller all the way as the Little Knights edged the Spartans five, 42-41.

Las Lomas had a 26-21 half-time lead, only to have it trimmed to a rather uncomfortable 40-39 margin with just seven seconds left on the clock.

But Knight Nick McGrath had on his shining armor as he teed off the foul line and coolly dropped through a pair of charity throws. These were the game's deciding points.

PACIFICA HIT just as the buzzer sounded, but it was too little and too late.

In the varsity game Las Lomas did well enough in the early stages as they bagged a terrific 21 points in the first quarter.

Though slowed down in the second frame, the Knights held on for a 27-24 lead at halftime.

But in the second half when it counted the most, the Knights went cold. By the end of the third quarter the Spartans had pulled up to a 39-39 tie, and just rolled over their foes from there.

A BIG PART of the story was told from the free throw line. Pacifica hit on 22 of 28 attempts, while the Knights could only manage to get fouled nine times, capitalizing on six of them.

In the rebound department, the Walnut Creek five held the edge, 37-24.

The Knights also had the most shots from the floor, taking 58 to the visitors' 40. But percentage-wise the Spartans were ahead, 43 to 35 per cent.

THREE PLAYERS wound up with 15 points.

For Las Lomas it was guard Joe Sibley (6 fg — 3 ft), while forward Art Rowlette and center Larry Carter topped the winners.

The Miramonte rooters' lone consolation was the fact that their ace center, John Coffey, topped the individual scoring with 12 points (5 fg — 2 ft).

Baseball Clinic is Smooth Show--Teachers Know How

By ERWIN MATTSON

The Baseball Clinic held at Las Lomas High last Sunday proved to be a good one, as evidenced by the fact that everyone stayed until the end despite the cold.

The event was well organized and ran smoothly, thanks to the veteran faculty members, each of whom had something to offer—and more important, knew how to offer it.

SUCH MEETINGS bring out many points of fundamental play. No matter how many clinics you go to, you can always pick up some new pointers.

Speaking of baseball, don't forget the Lafayette Youth Baseball Variety show to be held next Wednesday night in the Acalanes High gym.

The curtain goes up at 7:30 p.m. sharp on the first act of a good show for a good cause.

YOUTH BASEBALL in Lafayette has no recreation funds to depend on and everything must be financed through fund-raising projects.

The Baseball Committee decided on the variety show as a major project as it will give the fans something for their money, and give a good start toward raising the necessary funds.

Last year more than 800 boys played ball under the program, and this year that number will probably rise to over 400.

IT TAKES a lot of bats and balls, along with umpires, to keep that many kids going on the diamond. It all adds up to MONEY!

A special pat on the back should go to the Lafayette Rotary Club, which has been very active in Youth Baseball and has a special part in the program.

Last year the club furnished funds to help build the Park, and at present is going all out to prepare plans for making needed improvements in the form of bleachers and players' benches.

IN ADDITION, the Rotary plans to hold a banquet for the Acalanes football and baseball squads in the near future.

So it's hats off to an active group that is really doing a top job. Many other organizations have contributed, and it's to be hoped that all will lend a helping hand.

This is really necessary if such a large program is to be put over.

IN WRITING my sports articles I come in contact with the coaches of the various sports constantly. One who amazes me and whom I envy is Merrill Callow, mentor of the Las Lomas varsity baseball team.

He carries a terrific amount of detail in his head concerning a game and can rattle it off with great accuracy. He evidently has a photographic mind that remembers detail most coaches forget in the excitement and heat of battle.

Knight Jayvees Upset Matadors

A hardwood upset was pulled by the Las Lomas Knight Jayvees last Friday night as they downed their hosts, the Miramonte Matadors, 29-26.

Both teams had trouble finding the hoop with any great consistency. This is testified to by the fact that the game was won in the final quarter from the free throw line.

In that rain of charity tosses the Knights hit for eight points while the Matadors blew five attempts that could have meant victory.

It was 16-16 at the half, but from there on Las Lomas hung tenaciously to a small lead.

The Miramonte rooters' lone consolation was the fact that their ace center, John Coffey, topped the individual scoring with 12 points (5 fg — 2 ft).

'Safety at Sea' Classes Offered

The spring "Safety at Sea" classes offered by the Oakland Power Squadron are open to adults interested in safe small boat handling and piloting. Registration for this series of 10 free weekly classes will be held at 7:30 p.m. next Wednesday at the Oakland Technical Adult Evening School.

The course consists of lectures covering seamanship, equipment required by law, rules of the road, compass, chart work and small boat handling.

The course is one of several given free through the national educational program sponsored by the United States Power Squadrons, which has over 31,000 members.

Ambrose P. MacDonald of 52 Davis Road, Orinda, is public relations officer for the Oakland squadron.

Down the Slope Skiers Still Travel, In Spite of Our Snow

By VI WHITE

I didn't expect the beauty of Mt. Diablo's snow covered spectral last Saturday would be surpassed until I looked out the window early Monday morning and found it snowing and beginning to cover the garden right here! Such big flakes too! What a sight! But alas to ski we need more than an inch, so guess we'll still have to travel to far away places.

Sun Valley, Idaho is over 800 miles from here and takes many hours of driving, but nothing in California can compare to the skiing and planned activities found there.

To stay at the Challenger Inn—have your skis waxed for the proper snow conditions; hop on a waiting bus to the Baldy Chair Lift beyond Ketchum; ride up the three lifts wrapped in a warm cape to the Warming Hut at the 9000 ft. mark; take various runs that are marked for intermediate and expert skiers; have lunch at the Round House; ski all afternoon and end up by taking the four mile Warm Springs Run and just catching the 4 p.m. bus back to the Valley; change to after ski boots and head for the new Holiday Hut where the gang has pizza and beer and dance to the Ram Trio; hop into the 90 degree pool to loosen up tired muscles; then a cocktail party in the room and dinner at Trail Creek after a sleigh ride there, can be all done without using your car. It's wonderful.

ORINDA BUSINESS man Joe Duffel, recently elected treasurer of the Orinda Rotary Club, was unofficially dubbed "Mayor of Half Dollar Mt." while in Sun Valley and was presented a unique trophy for his achievements.

Among the visitors to the Valley were Pat White, Linda Baker, Charles Moore and Jerry Gibson of Orinda; Dr. Peter Bendorf, Richard Osmundsen, Gordon Hooper, Richard Carver and Peter McCoy of Walnut Creek.

Stopping for dinner at Budapest Inn near Weimar on our way home we met Dr. George Redmond and his wife Jackie and their friend, Mrs. Ralph Hill, all of Orinda. They had been skiing at Sugar Bowl, but had spent hours digging out their car from the snow drift.

The new powder snow was much to their liking though and they had a wonderful time making fresh tracks down the Disney and Mt. Lincoln slopes.

The Acalanes Ski Club trip to the Twinning's Pinescrest Chalet January 18-20 was highly successful and lots of fun was had by all. The Dodge Ridge slope was a bit icy Saturday, but the new snow that fell during the night made skiing good Sunday.

STUDENTS on the trip were Randy Fry, Thorny Smith, Bob Lockey, Jim Mossman, Roger Hartman, Dorothy Bridgier, Michele McKeegan, Diane Oldberg, Barbara Brandstad, Brian Hardy, Mike Noble, Shirley Rasmussen, Karen Jeffries, Joey Tuttle, Nancy Veitch, Judy Myer, Shirley Matson, Mary Dean, Gail Hutton, Carlo Gardner, Sue Fink, Sue Flint, Linda Eberhart, Bill Driscoll, Phil Branch, Tim Carter, Jackie Amis, Wally Burgarno, Denise Comerford, Val Geissler,

Pat Jackson, Tom Layne, Don Lockey, Bob Mossman, Judie Patterson, Wally March, and Kathie Terry.

High school ski clubs of this sort are not affiliated with the school itself, other than the fact that they leave from the school grounds and members all are students of the same school. Each student's expense covers transportation, food and lodging, insurance and chaperone, plus any rentals, ski lessons and ski lift tickets.

Adults accompanying the group were Messrs. and Mesdames R. B. Mossman, R. H. Lockey, George Eberhart and Elliot Hartman.

Teachers Joan Grady, girls' P.E., and Keith Woodell, art, were working at the lodge during the weekend.

ANOTHER TRIP is being planned for February 21-24. Sally and Dean Montagne of Walnut Creek spent a weekend at the Oakland Ski Lodge a couple of weeks ago and enjoyed skiing at Sugar Bowl and especially using the new Mt. Lincoln lift.

Ginny and Les Parry were up at Dodge Ridge one Sunday preparing their legs for their Sun Valley vacation in March. They are expecting to be accompanied by about 18 friends.

Son Charles finally grew up and needed longer skis, so momma now owns a beautiful pair of Head skis. Everyone who has them seems to ski so much better and now, so do I.

THE LAS LOMAS Ski Club had an eventful trip to Yosemite last weekend, experiencing bus trouble going and coming. More details of events next week.

"Kit" Carson White's radio program "Ski Show" has been changed to 6:25 p.m. Thursday nights on KNBC. The latest radio reports and current ski activities are given.

Eleanor Wallace and her daughters Sheila and Stjerna experienced being snowed in at South Tahoe one weekend. Bob Brown and Ray Scheuer were also caught and had to stay an extra day. Always have chains and a shovel which comes in mighty handy for digging out a car. Even though it may only snow a foot or two during the weekend, a rotary plow can sometimes throw as much as five feet on your car.

Unimproved Business Land Assessments Criticized

"Some assessments on undevel-
oped business properties in Pleas-
ant Hill seem to be ridiculously
low," Ralph Becker, chairman of
the planning and zoning committee
told the Pleasant Hill Civic Coun-
cil last week.
Becker urged the council to ask
the county assessor, C. H. Dunk-
lee, to appear before the dele-
gates at their next meeting in
February and explain the basis
on which assessments are made.
IN A LETTER TO Dunklee
Becker states:
"At the regular monthly meet-
ing of the Pleasant Hill Civic
Council . . . the Planning and
zoning committee reported on the
assessed valuation presently in
effect on undeveloped business
lands in Pleasant Hill.
"Needless to say, some of them
appeared ridiculously low, and
considerable concern and amaz-
ement was obvious. I have dis-
cussed this issue from the stand-
point that many property owners
are reticent to develop land with
values increasing each year at
capital gains tax rates, while
property taxes are so favorable.
"We appreciate the problems of
a specialized field although not
your office, and that assessing is
the accurate science most people
believe. For these reasons, the
Council felt that before taking a
specific position we should con-
tact your office and invite you to
appear at the next meeting of the
Pleasant Hill Civic Council to re-
view our findings with us and to
give us an idea of your plans re-
garding the reassessment we now
feel is in order," wrote Becker.
BECKER SHOCKED delegates
and officers of the Civic Council
by quoting ratings compiled by
Tom Dietzel in the offices of the
county assessor recently.

Some of the examples given by
Becker with current market val-
ues supplied by local real estate
men, were as follows:
Edmeades property at the cor-
ner of Grayson Road and Pleas-
ant Hill Road, 1.897 acres, as-
sessed at \$1350, market value es-
timated at \$30,000; Bergholm
Junk Yard, Boyd Road and Con-
tra Costa Highway, 5 acres, as-
sessed at \$680 market value, \$80,
000; Hergan Inc., Hookston Road
near Contra Costa Highway, 27.57
acres, \$14,890, market value,
\$100,000.
OTHERS CITED by Becker
were McGah and O'Shea at Con-
tra Costa Highway and Monument
Boulevard, near old Sherman
Field, two parcels of land, one
5.61 acres assessed at \$8420 and
valued at \$90,000, and another
parcel of 2.73 acres, assessed at
\$4050 and valued at \$325,000.
In the Oak Park Boulevard sec-
tion of Pleasant Hill, Becker
named the Eldorado Association
Inc. property at the corner of
Patterson Boulevard and Oak
Park Boulevard which is assessed
at \$4050 and estimated by real es-
tate men to have a market value
of \$100,000.
In Gregory Gardens Becker cit-
ed Gregory Gardens Unit Three
as being 3.746 acres valued at
\$143,510 and assessed at present
at \$11,180.
THE GARIBOTTI property con-
sisting of .644 acres at Contra
Costa Highway from Linda Drive
to Vivian Drive is assessed at
\$2770 and valued on the open mar-
ket at \$54,000.
Becker pointed out the need for
an equalization in assessed val-
uations. He stated that in some
cases homeowners are paying as
much as owners of undeveloped
business property.
Shopping at home means sav-
ings in time and money. And by
supporting local merchants you
are making this a better com-
munity to live in.

Peace Officers
Begin Course
At Junior College

The 17th peace officers basic training class began a five-week session on the St. Mary's College campus Monday.

Karl O. Drexel, director of East Contra Costa Junior College, one of several cooperating agencies for the program, said that between 50 and 60 police officers and deputy sheriffs were expected to attend for a total of 228 hours of instruction.

Charles E. Grant, assistant dean of instruction at the West Contra Costa Junior College, San Pablo, is in charge. Instructors will be experienced officers from Bay area police departments and sheriff's offices.

"Objectives of the training are seven-fold," Grant said. "They include teaching the fundamentals of police work and use of equipment, establishing an esprit de corps among officers, development of early competence in police procedures, elimination of hazards to peace officers and others, increased efficiency, development of uniformity in police practices, and development of cooperation between law enforcement agencies."

Most officer students will occupy dormitory quarters for the five-week period. Certificates of completion will be awarded at a ceremony on March 2.

Cooperating with the Contra Costa Junior College District in conducting the training are the State Department of Justice, Contra Costa County Sheriff's Department and the State Department of Education, Bureau of Industrial Education.

A regional committee of sheriffs, chiefs of police and State personnel acts in an advisory capacity.

The Listing Post...

Congratulations, Grads, And Talk of Money, Too

By BILL HAYWARD

GRADUATION DAY . . . ceremonies were in order early this week for the 19 'grads' out of the original total of 50 students that participated in the pilot course originated at the Contra Costa Junior College in cooperation with the Contra Costa Real Estate Board.

This 18 week course was labeled "Methods and Manners in Real Estate" included sessions of a "workshop" nature covering actual case studies. Tips on new trends in financing, appraisal, listing, advertising, office policy and selling were hashed and re-hashed during these "on the job" study conferences.

Diplomas were awarded the following "students" by William Tarr, campus coordinator, and Bill Hayward, (same as above), one of the teachers for this new study method:

Vern R. Benson, E. J. Carey Co., Lafayette; Zita M. Bolgen, Hermosa Homes, Walnut Creek; Thelma G. Bray, John Loop Co., Orinda; Maxey J. Callahan, F/W Maisel, Lafayette; Mariam A. DuVall, Tom Duffy Co., Lafayette; John O. Evans, Marshall McKinley, Walnut Creek; Jeff B. Foster, Al Kaplan Co., Danville; Clarence L. Gribbin, Bill Hayward, Walnut Creek; Joseph M. Hamernick, Richard Wells, Martinez; Vincenza V. Knerr, Al Kaplan, Danville; Roy Millar, Bill Dickey Co., Antioch; Alice B. Miller, Real Estate Service Co., Lafayette; Jack Queirolo, F/W Maisel, Lafayette; Marvin L. Ross, E. J. Carey Co., Lafayette; Frank E. Shirey, Masie & Underwood, Orinda; Frances Morgan, Real Estate Service, Lafayette; Mary L. Whitbeck, Fremerey Realty, Danville; Michael J. Mulvihill, Lafayette Realty and John H. Rosso, Realtor, Lafayette.

According to the addresses, Lafayette came in strong in the finish with high representation. Incidentally, another new and streamlined course in "The Real Estate Practice" will start Tuesday at Contra Costa Junior College. This is designed for people engaged in the Real Estate business on the full time basis.

New techniques and trends will be discussed on the "conference table" basis. The classes will be restricted to about 20 students to allow each person to become completely and fully involved in the case studies and "actual selling and listing situations." For information on these and other current courses on real estate call the executive secretary of the Contra Costa Real Estate Board in Walnut Creek at Yellowstone 4-3104 for time, dates and details.

DIRECT EFFECT ON THE real estate market . . . is currently felt as BUYERS are again on the prowl for homes and building sites. Activity is again noticed as mortgage lender representatives are looking for business. There are new signs of money becoming more available in some spots. The Marble Mortgage Co. is out in the field for the first time in ages on the look-out for secure properties and sound borrowers.

They have FHA money to loan . . . 25 year term . . . 5 percent increase of course . . . there's also a 3 1/2 point loan discount fee on this long term loan. Another good sign: We can announce the availability of 5 1/2 percent money for the borrower that can scrape up one-third of the sales price for a down payment. These funds come from an Eastern Insurance firm that evidently has real confidence in California securities. Equitable Life Assurance Society, according to Representative Paul Fanning, still will lend on substantial real estate, plus insure the borrower on a low cost plan and at as low as 4 1/2 percent interest.

All in all, from here business looks good and steadily getting better.

ORINDA DEVELOPMENT . . . at the north end of Stanton Avenue . . . 13 beautiful lots . . . STANTON Court . . . Tal Runnels, owner and Busy . . . BOIS and SOULE the builders and selling agents. See these soon, two or three of the models are almost ready to show. Get there early and avoid the crush.

WALNUT HEIGHTS . . . again in the news with TERRA BELLA . . . about 15 lots just southeast of the Walnut Heights Grammar School . . . Owner . . . developer and selling agents . . . T. M. Walker of Berkeley.

BUSY LAFAYETTE CONTRACTOR . . . Lloyd Smith of the REMLO Construction Company has several 4 bedroom — family room — 2 bath homes on the drawing boards. About 8 beautiful locations have been selected in the Lakewood Village-Walnut Heights-San Miguel area for these select, carefully planned country residences.

Lloyd Smith hopes these popular homes can
